The Garden Social Services

Organisational Profile

Mission Statement

The Garden Social Services is dedicated to improving the well-being and quality of life of individuals and families by providing comprehensive, compassionate, and innovative social services. Our mission is to support vulnerable communities, advocate for community upliftment, and foster sustainable community empowerment.

History

The Garden Social Services began its journey in the year 2012 by visiting the sick in hospitals and providing them with nutritious meals as a gesture of care and compassion. As the need grew, a dedicated team was formed to expand outreach efforts and reach more vulnerable individuals. This initiative was further strengthened through the sponsorship of a shuttle service to transport ill community members to and from hospital appointments. Through these experiences, the organisation identified a growing need for a dedicated home to care for the aged and frail who were unable to receive adequate support and care within their own homes.

The organization was established in response to the lack of adequate care for the elderly, the frail, the visually impaired, and destitute children within our communities and surroundings. What began as small-scale initiatives has evolved into a dynamic organisation offering a broad range of social, educational, and health-related services.

Over the years, the organisation has expanded significantly and now serves **34 centres**, working in partnership with various nonprofit organisations, community groups, and stakeholders to maximise impact.

Core Services

The Garden Social Services provides a wide range of services designed to address community needs, including:

- **Health Care Services:** Professional support for individuals facing health challenges, trauma, and emotional distress including the aged, disabled, orphans, visually impaired and children suffering from cerebral palsy.
- **Youth Services:** Safe housing and stable educational environments, including after-school programmes, workshops, madaaris and youth development initiatives.
- **Food and Nutrition Programmes:** Daily feeding schemes and nutrition education for vulnerable individuals and families.
- **Water Distribution:** Provision of reliable water access through **18 boreholes** installed across various communities.
- **Religious Upliftment:** Our vision is to breathe new life into abandoned masajid and transform them into thriving centers of worship, learning, and da'wah.

Target Population

Our services focus primarily on vulnerable and marginalised individuals and families experiencing challenges such as poverty, health issues, disability, and limited access to education. We serve diverse age groups across multiple communities, regardless of demographic background.

Impact and Achievements

Since inception, The Garden Social Services has positively impacted the lives of thousands of individuals. Our work has contributed to measurable improvements in community stability, healthcare access, and education.

Key achievements include:

- Supporting learners from disadvantaged communities through Foundation, Intermediate and Tertiary education phases, including both secular and Islamic studies.
- Feeding approximately **4,660 people daily** through various community-supported feeding schemes.
- Providing high-quality healthcare and assisted living services to the aged and frail, ensuring dignity, safety, and peace of mind for families.

Partnerships and Collaboration

The Garden Social Services collaborates with local, regional, and national partners, including private donors, nonprofit organisations, and community stakeholders. These partnerships enable resource sharing, service expansion, and collective advocacy for sustainable social change.

Funding Sources

Our programmes are supported through diverse funding streams, including:

- **Individual Donations:** Contributions from community members and philanthropists.
- **Corporate Sponsorships:** Partnerships with businesses aligned with our values and commitment to social responsibility.

Future Goals

Looking ahead, The Garden Social Services aims to:

- Expand services into new regions
- Develop additional community empowerment programmes
- Enhance digital access to education and support services
- Establish affordable education centres and healthcare facilities to ensure long-term impact
- Establish a Home for hearing impaired learners

Assisted Living Home - Ldm

Location:100 Himalaya Street, Laudium

Established: May 2012

The Assisted Living Home in Laudium was established in May 2012 as the very first project of The Garden Social Services, following the organisation's identification of a critical need for a dedicated care facility for the aged and frail within the community. As a pioneering initiative, the home laid the foundation for the organisation's commitment to compassionate, community-based care. Since its inception, the centre has grown significantly through continuous professional development, the strengthening of care standards, and the expansion of services. Today, in addition to providing quality assisted living care, the facility also functions as a training centre for caregiver graduates completing their learnerships, thereby contributing to skills development, employment creation, and the long-term sustainability of quality care within the community.

Activities:

- Care for the elderly
- Support for individuals with health issues and/or disabilities

Staff:

- **Team Leader:** Matron Valansia Makobela
- **Caregivers:** 9

Buildings:

- Musjid
- Administration Block
- Female Residential Home
- Male Residential Home

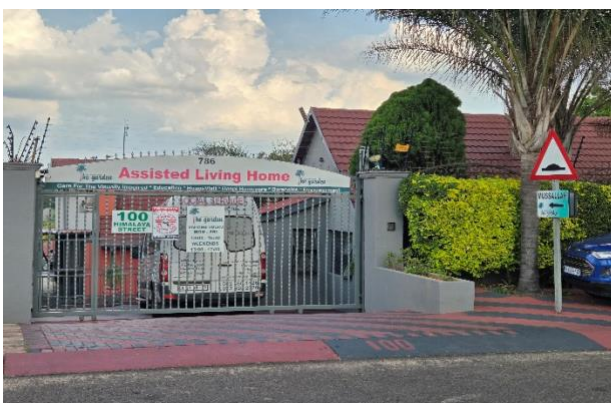

Figure 2 Men's Home

Makanyaneng Edu Centre

Location: Klipgat B, 307/8 Mash Village

Established: 6 January 2019

Makanyaneng Edu Centre is situated in **Klipgat B, 307/8 Mash Village** and was established on **6 January 2019**. The centre began operations with **nine learners and three educators**. Although the centre had a large building at inception, it initially faced significant challenges due to the lack of water access. Mobile toilets were hired, and water had to be collected from nearby locations for cooking and drinking purposes.

Despite these challenges, the centre persevered, and conditions improved with the installation of a **borehole**, which provided substantial relief. As a result, learner enrolment increased to **over 80 children**.

Makanyaneng Edu Centre plays a vital role within the community. During periods of water shortages, the centre supplies water to community members. The centre also maintains a **vegetable garden and fruit trees**, supporting food security and community engagement through its **Plant and Eat programme**.

The community has been highly supportive, donating books and magazines for the learners. In **2024**, a parent donated a **jungle gym** to the centre, reinforcing the centre's positive impact and valued role within the community.

Current Activities:

- Crèche – 60 learners
- Plant and Eat Programme
- Community Centre
- Borehole

Staff:

- **Team Leader:** Modjadji
- **Educators:** 3
- **Administrative Staff:** 3

Figure 1 Veggie Garden as part of Plant and Eat program

Buildings:

- Administration Block
- Three Classrooms
- Kitchen
- Boardroom

Future Activities:

- Establishment of sewing classes (Estimated cost: R20,000)

This initiative aims to encourage **community self-sufficiency** by enabling income generation through sewing and related activities within the neighbourhood.

Figure 3 Admin block

Figure 3 Creche

Hope Spring Edu Centre

Location: Madidi, Klipgat

Established: 19 February 2019

Hope Spring Edu Centre was established on **19 February 2019**, initially operating beneath a tree. Recognising the severe water challenges in **Madidi Village**, The Garden Social Services provided the centre and the surrounding community with a **borehole**, addressing a critical social need.

The centre began with an **after-school programme**, assisting learners with homework. Subsequently, The Garden Social Services constructed a **new facility consisting of three classrooms and toilet facilities**, enabling the centre to expand its services.

A **feeding scheme** was introduced, starting with **60 children** and later expanding to **470 children fed daily**. At this stage, the centre operated with **9 staff members**.

During the **COVID-19 pandemic in 2020**, the centre provided **monthly food parcels** to community members in need. In **August 2020**, a **day-care centre** was established for children aged **3 months to 4 years**, which continues to operate under The Garden Social Services.

Current Activities:

- Crèche – 25 learners
- Plant and Eat Programme
- Community Centre
- Borehole

Staff:

- **Team Leader:** Lerato
- **Educators:** 3
- **Administrative Staff:** 3
- **Gardener:** 1
- **Security Personnel:** 1

Figure 1 Hope Springs Edu Centre

Buildings:

- Administration Block
- Three Classrooms (New Buildings)
- Community Hall
- One Kitchen

Future Activities:

- Establishment of a bakery (Estimated cost: R120,000)
- Establishment of sewing classes (Estimated cost: R20,000)

These future initiatives are intended to promote **community self-sufficiency** by enabling residents to generate income through baking or sewing and selling products within their neighbourhood.

Figure 2 Borehole

Figure 3 Admin Block

Figure 4 Classrooms

As-Siddique Edu Center

Location: Lotus Gardens

Established: March 2019

As-Siddique Edu Centre was established in **March 2019**, following the takeover of a masjid that was in a severely dilapidated condition. The Garden Social Services undertook extensive renovations, successfully restoring the masjid and revitalising community participation.

Following the renovation, the **Madrassah and Edu Centre** were established, transforming the facility into a true community hub. This is evidenced by an active volunteer team that is consistently present to support both the centre and the broader community through various activities and initiatives.

A bakery has also been established on the property which has been subsidised by the organisation and forms part of our empowerment projects.

Current Activities:

- Madrassah – 50 learners
- Crèche – 110 learners
- Plant and Eat Programme
- Eid Salaah
- Qurbani Operations
- Community Centre
- Borehole
- Bakery

Staff:

- **Team Leader:** Ml. Muhammad
- **Imaams:** 3
- **Educators:** 3
- **General Worker:** 2

Figure 1 Borehole

Figure 2 Plant and Eat

Buildings:

- Musjid
- Administration Block
- Three Classrooms
- Kitchen
- Commercial Property – 2 Shops

Future Activities:

- Establishment of a new education centre (Estimated cost: R2.5 million)

This development will enable a **greater number of children** in the surrounding neighbourhood to access formal education.

Figure 6 Creche Classroom

Iqra Edu Centre

Location: Hammanskraal (Kanana), opposite Jubilee Mall

Established: 2019

Iqra Edu Centre was established in **2019** and is situated in **Hammanskraal Kanana, opposite Jubilee Mall**. The centre's initial project focused on the **empowerment of the visually impaired**, with a database of approximately **250 visually impaired individuals**. As part of this initiative, The Garden Social Services distributes **food hampers twice annually** to visually impaired beneficiaries.

The empowerment programme for the visually impaired led to the establishment of **Iqra Edu Centre** as a second project. In **2020**, a dedicated building was constructed for the centre. The crèche commenced operations in **January 2021** with **three educators and 20 children**. By the end of the year, enrolment increased to **80 learners**. The crèche provides high-quality foundation education and has received excellent feedback from surrounding primary schools.

One of the most significant projects at the centre are the **two boreholes**, which benefits both the centre and the broader community. Hammanskraal experiences severe water shortages, and the borehole has been a vital resource. In **2024**, Kanana was further supported with the installation of a **second borehole at Lehwelereng Secondary School**.

The centre also operates a **Plant and Eat programme**, teaching community members to grow and consume produce from their own gardens. In addition, Iqra Edu Centre has established a **home for disadvantaged children**.

A **daily empowerment class for the visually impaired** is conducted at the centre, where participants engage in activities such as making pillows and sewing clothes, curtains, and uniforms. This programme promotes independence, skill development, and improved quality of life for visually impaired participants.

Current Activities:

- Crèche – 80 learners
- Plant and Eat Programme
- Community Centre
- Borehole
- Empowerment Programme for the Visually Impaired

Figure 1 Plant and Eat garden

Staff:

- **Team Leader:** Linah Tselana
- **Educators:** 3
- **Empowerment for the Blind Staff:** 9
- **Administrator:** 1

Buildings:

- Administration Block
- Three Classrooms
- Empowerment Skills Centre
- One Kitchen

Figure 2 Borehole

Future Activities:

- Establishment of a bakery (Estimated cost: R120,000)
- Establishment of sewing classes (Estimated cost: R20,000)
- Establishment of a mini sports field for children (Estimated cost: R40,000)

These initiatives aim to motivate the community toward **self-sufficiency through baking and sewing**, enabling income generation within their neighbourhoods.

Figure 3 Classrooms

Khumo Ya Lerato

Location: Lotus Gardens (Containers informal settlement)

Established: January 2020

Khumo Ya Lerato was established after The Garden Social Services was alerted to the severe food insecurity affecting children in the informal settlement. A feeding scheme was initiated, providing meals to approximately 400 children daily.

In June 2025, the need for an educare centre was identified to benefit local children. With the support of a generous donor, three classrooms and ablution facilities were constructed, with the intention of launching the educare centre in January 2026. The centre is managed by community volunteers.

Activities:

- Creche
- Community centre
- Feeding

Staff :

- **Team Leader** – Lady P
- Volunteers from the community

Building:

- Three classrooms
- Ablution block
- Upcoming admin block and kitchen

Future Activities:

- Establishment of a Plant and Eat program
- Community empowerment through various activities

House of Future Leaders (Boys Home)

Location: Laudium

Established: January 2022

Established in January 2022, the House of Future Leaders is an initiative of The Garden Social Services aimed at providing underprivileged boys from the community and surrounding areas with a safe and stable home. The programme focuses on holistic development by supporting boys in their Islamic values, academic progress, and social and emotional growth, empowering them to develop confidence, resilience, and a positive outlook for the future.

Activities: Housing and education of disadvantaged boys.

Education:

The boys are all enrolled in local schools and are provided transport to and from school everyday. As part of their learning experience, the house mothers are responsible for assisting with homework as well as school projects.

An educator qualified in higher Islamic studies is employed by the organization who sees to the Islamic education of the children (Madressah). These classes are conducted in the afternoon and falls part of their daily routine.

Number of Staff:

- Team Leader: Matron Valansia Makobela
- House Mothers: 2

Buildings:

- Boys Home

House of Future Nurturers (Girls Home)

Location: Laudium

Established: January 2022

The House of Future Nurturers was established in **January 2022** by The Garden Social Services to meet the need for a safe home for disadvantaged girls in the community and surrounding areas. The centre provides a secure and supportive environment where school-aged girls can thrive islamically while receiving quality education, ensuring they have a future filled with hope and opportunity.

Activities: Housing and education of underprivileged girls

Education:

The girls attend local schools and are provided with daily transport to and from their schools. To enhance their educational journey, the house mothers support them by helping with homework and school assignments. Furthermore, the organisation employs a qualified educator in higher Islamic studies who guides the girls in their Islamic learning (Madressah). These lessons take place every afternoon and are an important part of their everyday schedule.

Number of Staff:

- Team Leader: Matron Valansia Makobela
- House Mothers: 2

Buildings:

- Girls Home

Figure 1 Bedrooms

Figure 2 Study Area

House of Mother Mariam (Mary)

Location: Klipgat

Established: July 2022

House of Mother Mariam was founded in July 2022 through the vision of a single Imaam and a dedicated group of crèche educators. The madrassah initially enrolled 70–80 learners, while the crèche began with only 6–9 children. A modest property was acquired and developed into a thriving community sanctuary.

By 2023, the centre expanded with the appointment of its first teacher, increased volunteer participation, and growing enrolment across both the crèche and madrassah. The centre evolved into a vital hub for education, counselling, and community support.

Significant developments include centre renovations, construction of Imaam accommodation, and installation of a borehole to ensure sustainable water access for both the centre and surrounding community.

Activities

- Madrassah – 300 learners
- Crèche – 60 learners
- Musjid
- Tutorgram (online tuition)
- Plant and Eat Programme
- Community Centre
- Borehole

Staff

- Team Leader: Faathiya Nkala
- Crèche Educators: 3
- Madrassah: 3 Imaams and 1 Apa
- Volunteers: 4

Figure 5 Admin

Mpho Ya Rona

Location: Hammanskraal

Established: 1 August 2022

Mpho Ya Rona was established on **1 August 2022** and is dedicated to empowering children and families within the community through **quality education, spiritual growth, and nutritional support**, with the aim of fostering a brighter future.

The centre initially began with a **crèche, feeding programme, and madrassah**. Alhamdulillah, the project has grown steadily and has since expanded to include additional educational and empowerment initiatives, as outlined below.

Crèche Programme

The crèche programme provides quality early childhood education and care to children in the community. The programme began with **20 learners** and has grown to **55 learners**, focusing on **cognitive, emotional, and physical development**.

The vision of the crèche is to create a **nurturing and supportive environment** where children can grow, thrive, and develop a strong foundation for their future learning.

In **2026**, the centre will implement a new teaching programme known as **Smart Start**, which emphasises **interactive learning and play-based education**. In addition, the centre will strengthen **parent-teacher partnerships**, ensuring that parents are actively involved in their children's education and are equipped to support learning at home. The goal is to create a seamless learning experience where parents and educators work collaboratively to foster a love for learning and exploration.

Madrassah Programme

The madrassah programme offers **Islamic education and spiritual guidance**, helping children develop a strong foundation in their faith. The vision of the madrassah is to instil **Islamic values, principles, and compassion**, nurturing well-rounded and responsible individuals. In **2026**, the madrassah will introduce **practical skills workshops** for learners, including:

- Gardening and environmental stewardship
- Sewing
- Creative arts

These skills will support the development of creativity, fine motor skills, independence, and a strong sense of community and teamwork.

Online Classes

The centre offers **online English and Mathematics classes**, providing learners with additional educational resources and learning opportunities. The vision of the online programme is to **increase access to quality education** and empower learners to become more proficient in these key subjects, thereby building a strong foundation for future academic success.

Empowerment Projects

Current empowerment initiatives include:

- Ice making
- Sewing
- Grass cutting
- Baking
- Gardening

Figure 1: Sewing

Figure 2: Ice Making

Looking ahead to **2026**, the combined vision for these projects is expansion and sustainability. The following strategies will be implemented:

- **Community engagement:** Partnering with local organisations, schools, and community groups to raise awareness
- **Volunteer recruitment:** Inviting skilled volunteers to mentor participants and support project growth
- **Skills training:** Offering structured training and workshops to equip participants with in-demand skills
- **Employment expansion:** Creating and expanding job opportunities within the community
- **Establish Hifz Classes** for the local community learners.

New Focus for 2026

Inclusive Empowerment: Empowering Blind and Physically Impaired Individuals

From 2026, the centre will place a strong focus on **inclusive empowerment**, ensuring that **blind and physically impaired individuals** are given opportunities to participate in all empowerment projects.

The vision is to create a society in which blind and physically impaired individuals have **equal opportunities to contribute, participate, and achieve independence**.

Beneficiaries

- Crèche Learners: 55
- Madrassah Learners: 550

Staff and Volunteers

- Team Leader: Lucy Ndlovu
- Crèche Educators: 2
- Madrassah Educators: 4
- Online Educators: 2
- Cook: 1
- Caretakers: 2
- Staff Members: 12
- Volunteers: 5

Home for the Visually Impaired

Location: Jewel Street, Laudium

Established: January 2023

The Home for the Visually Impaired was established in **January 2023** by The Garden Social Services to address the needs of visually impaired children in the community and surrounding areas. The centre provides a safe and supportive environment for both boys and girls of school-going age, enabling them to receive quality education and develop skills that empower them to lead independent and fulfilling lives.

Activities:

- Housing and education of visually impaired children.
- Specialising in braille education.
- Promoting games for the Visually Impaired.
- Sports and other recreational activities.
- Guide dog training supervised by GuideDogSA

Figure 1 Home for the Visually Impaired

Education:

The children are enrolled at the **Prinshof School for the Blind** and are transported to and from school on a daily basis. While some remain on the waiting list for admission, the organisation has implemented **interim educational arrangements**. These include the provision of a **homeschooling tutor** who ensures that learners remain aligned with the syllabus and are well-prepared for a seamless transition into the school. In addition, a **qualified educator** is appointed to oversee their **Islamic education (Madressah)**. All required learning materials are supplied in accessible formats, such as braille and large print, to accommodate the individual educational needs of each child.

Number of Staff:

- Team Leader: Maymoona Chouglay

Assisted Living Shaft 17

Location: Johannesburg

Established: May 2023

Assisted Living Shaft 17 was established in **2023** to provide care for elderly and frail community members. Since its inception, the centre has grown significantly, offering continuous professional development and serving as a training hub for caregiver graduates pursuing learnerships.

Activities:

- Care of elderly and people with health issues and/or disabilities

Staff:

- Team Leader – Ahmed Hoosen
- Caregivers – 17

Buildings:

- Female Home
- Male Home

Bambino Haven

Location: Laudium

Established: January 2024

Bambino Haven was established in **January 2024** by The Garden Social Services to provide a safe home for underprivileged children who are not yet of school-going age. The centre offers a nurturing environment where young boys and girls can thrive while receiving early childhood education, laying the foundation for a future full of hope and opportunity.

Activities: Housing and education of underprivileged children

Number of Staff:

- Team Leader: Matron Valansia Makobela
- House Mothers: 3

Home for the Visually Impaired Shaft 17

Location: Johannesburg

Established: January 2025

The Home for the Visually Impaired Shaft 17 was established in **January 2025** to address the needs of visually impaired adults in the community. Despite being in its infancy, the centre has already attracted both visually impaired teachers and students and is committed to providing formal education, including Braille literacy and adult-based learning programs.

The centre has also launched an empowerment initiative focused on a weaving project. While still in its early stages, the project has demonstrated strong potential and is expected to expand.

Activities:

- Care and education for adult visually impaired individuals

Staff:

- Team Leader – Ahmed Hoosen
- Caregivers – 2

Buildings:

- Female Home
- Male Home

Future Activities:

- Expansion of education and empowerment programs for adult visually impaired individuals

Lerato La Thuto Edu Centre

Location: Jamesson Park, Nigel

Established: February 2025

Lerato La Thuto Edu Centre was established in February 2025 when The Garden Social Services, in response to a request from community members in the Nigel area, set up a centre for underprivileged children. Renovations were completed on an existing structure, enabling local children to access formal education for the first time. Although still in its early stages, the centre is preparing to implement skills development programs to benefit unemployed adults in the area.

Activities:

- Creche – 23 Learners
- Community Centre

Staff:

- **Team Leader:** Fathima Mokaba
- **Assistants:** 2

Buildings:

- Admin Block
- One Classroom
- Kitchen

Future Activities:

- Establish Sewing Classes –
Budget: ZAR 20,000
- Plant and Eat Garden – Budget to be determined
- Adult-based Skills Development Programmes – Nature and budget to be determined

These initiatives aim to empower both children and adults, providing opportunities for self-sufficiency and fostering a brighter future.

Shoshanguve – Block GG Musjid

Project Start: May 2025

Location: Shoshanguve Block GG

The community of Shoshanguve Block GG approached The Garden Social Services regarding a dilapidated and dormant Masjid in their area. Renovations began in May 2025, and the Masjid is now near completion. Through the efforts of local community members, Musallees have returned, and Madressah classes have recommenced.

Additional initiatives include:

- Establishment of a library and gym through community donations
- Weekend classes for ladies

These initiatives have fostered community engagement and a renewed sense of unity and purpose in the area.

Staff:

- **Team Leader** – Imaam Abdurraheem
- **Educators** - 2

Building:

- Masjid

Future Activities:

- **Plant and Eat Garden** – Budget to be established
- **Adult Skills Development Programme**

These initiatives aim to empower both children and adults, creating opportunities for education, self-sufficiency, and a brighter future.

Figure 1 Block GG Masjid

Mooiplaas Edu Centre

Location: Mooiplaas, Pretoria

Established: September 2025

Mooiplaas Edu Centre was established in **September 2025** when The Garden Social Services was approached by community members to provide formal education for underprivileged children in the area. Renovations were undertaken on an existing building to accommodate the centre, allowing children to experience structured early learning for the first time. Although still in its early stages, the centre is also planning to introduce basic skills development programs to benefit unemployed adults in the community.

Activities:

- Creche – 65 Learners

Staff:

- Team Leader – Ahmed Hoosen
- Teacher – 1
- Assistants – 2

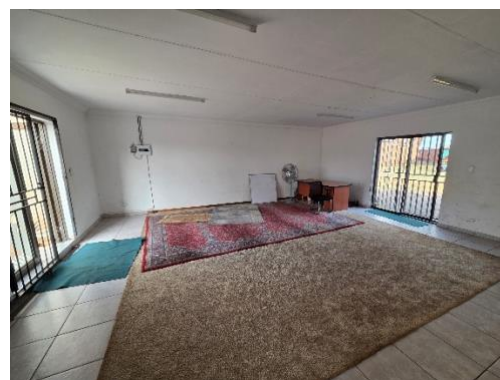

Figure 1 Prayer area + Classroom 1

Buildings:

- Two Classrooms

Future Activities:

- **Plant and Eat Garden** – Budget to be established
- **Adult Skills Development Programme**

These initiatives aim to empower both children and adults, creating opportunities for education, self-sufficiency, and a brighter future.

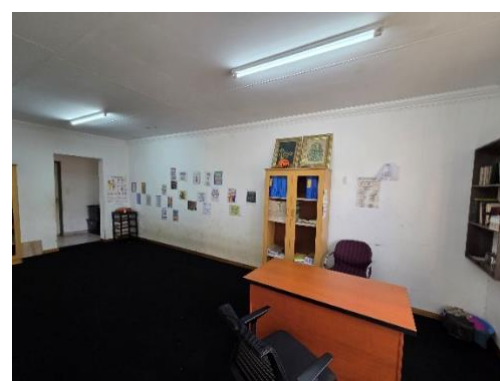

Figure 2 Classroom 2

Cerebral Palsy Unit

Location: Himalaya Street, Laudium

Established: 2025

The Cerebral Palsy Unit was established in 2025 to provide specialized care for children with cerebral palsy. Currently, the unit supports a total of five children, with the first child admitted in May of the same year. Three of the children were referred from hospitals, while two were brought directly by their parents. Notably, four of the five children in the unit are blind, underscoring the critical need for tailored, comprehensive care in this specialized setting.

Activities:

- **Physiotherapy:** through this program, the children have improved in terms of their mobility and muscle development.
- **Full time care:** the children are under the care of 2 qualified caregivers that ensure all their needs are met.
- **Hospital visits:** the organisation follows up and arranges all their hospital visits. This includes arranging for their medication.
- **Outdoor activity:** the caregivers take the children outside everyday in specialised strollers. This offers them a chance to experience the outdoors.

Staff:

- Team Leader – Matron Valansia
- Caregivers – 2

Building:

- The garage at *The House of Future Leaders* has been repurposed into a ward to accommodate children with cerebral palsy.

Figure 1 Cerebral Palsy Unit

Future Activities:

- In response to the growing demand for care facilities serving these children, the establishment of an additional building or property is required to adequately meet current needs. Budget allocation and detailed planning are yet to be determined

Dhlamini Junction Jumma Masjid

Location: Dhlamini Junction, Soweto

Established: 2025

The Garden Social Services and The Soweto Muslim Shura Council have joined hands in establishing a masjid in Dhlamini Junction, Soweto.

Activities:

- Daily educational sessions are conducted by the Imam, followed by Dawah classes.
- The Centre hosts and manages an office dedicated to supporting the Visually Impaired.
- Every Friday, the organization provides meals to congregants attending the Jumu'ah prayer.
- During the month of Ramadhaan, approximately 200 individuals are served meals on a daily basis.

Staff:

- **Team Leader:** Imaam Yaseen

- **Social Worker:** Masibuku

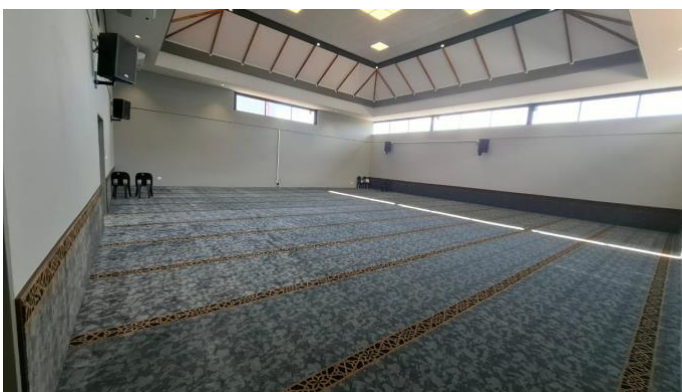

Figure 1 Prayer Area

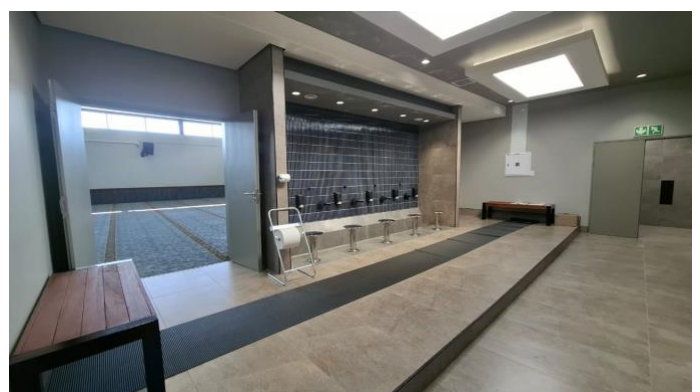

Figure 2 Ablution Facilities

The Garden of Children of Nigel

Location: Alra Park, Nigel

Established: May 2006

The Garden of Children of Nigel was founded in response to severe food insecurity in the Alra Park area. A feeding scheme was created to provide meals to approximately 350 children daily. The programme is run entirely by volunteers from the local community.

Activities:

- Feeding scheme

Staff:

- **Team Leader** – Abdus Essop
- Volunteers from the community

AFFILIATED ORGANISATIONS

1. Themba Feeding Project - Hammanskraal
2. Dorcas Divine Centre - Bosplaas – Hammanskraal
3. Klipgat Agriculture – Klipgat
4. Moerane Feeding – Garankuwa and Hebron
5. Westbury Musjid – Gauteng
6. Brazaville Jamaat – Atteridgeville

Volunteer with The Garden Social Services

The Garden Social Services is seeking compassionate and dedicated volunteers to join our team in making a meaningful difference in the lives of vulnerable members of our community. As a volunteer, you will have the opportunity to contribute to a variety of programmes, including supporting children in our residential homes, assisting the elderly and frail, participating in community outreach initiatives, and helping with educational and recreational activities.

We welcome individuals who are enthusiastic, reliable, and eager to give their time and skills to serve others. Whether you can offer a few hours a week or more, your contribution will have a lasting impact on the lives of those we care for.

If you are interested in volunteering or would like more information, please contact us at the contact details listed above. Join us in spreading compassion, hope, and care to those who need it most.
